

Vacheron Constantin

OVERSEAS SMALL MODEL - CALIBER 5300

WOMEN'S

Part of the redesigned Overseas collection, dedicated to travel and discovery, the Small Model for ladies measures 37 mm in diameter, with 84 diamonds to light up the bezel. The movement beating inside the steel or pink gold case is the new Caliber 5300, developed and manufactured by Vacheron Constantin. Hallmarked with the Poinçon de Genève, it provides hours, minutes and small seconds while ensuring a power reserve of almost Two days. The dial is proposed in a choice of rosy-beige or blue. Turn the watch over, and the sapphire crystal caseback reveals a 22k gold oscillating weight, finished with a wind rose. Like every watch in the new Overseas collection by Vacheron Constantin, this Small Model is delivered with three interchangeable straps and an interchangeable folding clasp.
