

DeWitt

GLORIOUS KNIGHT HMS

CLASSIC

De Witt combines steel with a PVD treatment on the band for this robust case, once again underscored by the brand's hallmark imperial columns. The "glorious knight" in question is the indomitable Napoleon Bonaparte. The dials are all crafted at the De Witt manufacture, and come in a palette of shades that

includes this anthracite grey. Inside the case beats an automatic mechanical movement that delivers 42 hours of power reserve.
