TORIC CHRONOMÈTRE

CLASSIC

While retaining the Toric's visual hallmarks, the Toric Chronomètre adopts a tauter, more streamlined design. The case in white or red gold has a slightly more elongated form. The strap end and fastening are more dynamic, paired with the more functional shape of the lugs for greater ergonomic comfort. The elegant dial, shown here in grained white but also proposed as a black opaline version, is heightened by Two slender javelin hands and a date aperture. The COSC-certified Calibre PF331
