## ROYAL OAK CONCEPT FLYING TOURBILLON

### DESIGN

When it comes to mechanical watches, ladies no longer come second-best to men. Audemars Piguet for one advocates equal rights with this Royal Oak Concept Flying Tourbillon. A "double first", it is the first Royal Oak Concept for women, and Audemars Piguet's first flying tourbillon. In a brilliant demonstration of the brand's gem-setting expertise, the 38.5mm white gold case dazzles with a carpet of brilliant-cut diamonds. At its mechanical heart, completing the hour and minute indications, sits the flying tourbillon, with a power-reserve indicator on the back. Also proposed with baguette diamonds in an invisible setting.
